The COBIT framework offers a fully modernized approach for both Enterprise Governance and managing Information & Technology (I&T). It provides practitioners with essential processes and tools for minimizing risks, creating value, maximizing corporate resources, and achieving crucial enterprise goals.

WHO IS THIS COURSE AIMED AT?

- Managers who oversee business processes and technology
- Organizations looking to adopt COBIT 2019 best practices
- Any businesses which are reliant on technology
- Managers responsible for ensuring corporate compliance
- IT managers looking to become certified in a world-renowned framework

WHAT WILL YOU LEARN?

- How COBIT aligns with other applicable frameworks, standards, and bodies of knowledge
- How to understand and describe the Governance System and Governance Framework principles
- The context, benefits, and key reasons COBIT is used as an information and technology governance framework
- The 40 Governance and Management Objectives, as well as their purpose statements
- How to use COBIT to design a tailored governance system
- The characteristics and purposes of the COBIT Product Architecture Framework

- How to use COBIT to design a tailored governance system
- The components of a successful governance system and the contents and overall structure of the Goals Cascade

WHY TAKE THIS COURSE?

- The course offers a variety of online training assets, including interactive slides, instructor-led videos, and regular knowledge checks, all created alongside highly experienced COBIT practitioners
- The course is designed to not only help students pass the COBIT 2019 Foundation exam, but also to provide them with a practical understanding of how to apply the COBIT framework to real-world organizations
- This course is fully accredited by APMG International and includes a FREE exam voucher

IS THERE AN EXAM?

This course is designed to leave students fully prepared to sit and pass the COBIT 2019 Foundation certification exam.

Students must pass an online proctored closed-book exam consisting of 75 multiple-choice questions. There is a time limit of 120 minutes, and you must score 65% (49 out of 75) to pass.
