Project management has become a highly valuable corporate discipline. Regardless of the location, industry or size of an organization, having an effective project management framework is essential for achieving crucial goals on time, within budget and with a strict focus on corporate priorities.

WHO SHOULD TAKE THIS COURSE

This course is ideal for anyone who wants to pass the PRINCE2 Foundation and Practitioner exams in quick succession in order to become a fully qualified PRINCE2 2017 Practitioner. Many students prefer this combined approach, as it means less time and money spent on training.

ABOUT THE COURSE

This course offers an excellent fast track to becoming a registered PRINCE2 practitioner and provides students with everything needed to prepare for, take and pass the PRINCE2 Foundation and Practitioner examinations.

Students will be introduced to the principles, processes, themes and project environments which make up PRINCE2, as well as the relationships between them. They will then learn how to adapt and apply the methodology in practical real-world scenarios.

STUDENTS WHO COMPLETE THIS COURSE WILL LEARN:

- The key concepts and principles of the PRINCE2 project management methodology
- The purpose and content of the processes, principles, themes and project environments that make up PRINCE2, as well as the relationships between them

- How PRINCE2 can be tailored to fit projects of varying size, industry or location
- How to apply the PRINCE2 principles in practice
- The confidence to be able to take on leading roles in project management teams within PRINCE2 environments

ACCREDITATION

This course has been accredited by PEOPLECERT, which is licensed by AXELOS as an Examination Institute for the PRINCE2 Foundation & Practitioner Certificate in Project Management.
