This accredited online training course is the complete package for anyone wishing to become TOGAF 9.2 Certified. This course represents an upgrade to our award-winning TOGAF 9.1 training material, reflecting Version 9.2 of the TOGAF 9 Standard. A downloadable PDF workbook is included.

WHO SHOULD TAKE THIS COURSE

This course is intended for enterprise architects who want to become TOGAF 9.2 Certified. Those who pass the exam will become TOGAF Certified Practitioners.

It is ideal for those who want to learn more about TOGAF 9 standards and / or who wish to achieve a globally-recognized qualification. It will also be useful for professionals who are already working in the roles associated with an enterprise architecture project.

ABOUT THIS COURSE

This revised course is based on the TOGAF 9.2 Certification exam syllabus, is self-paced and lasts approximately 35 hours. It consists of 26 modules.

The course provides in-depth learning content with online audio and video narratives, quizzes with answers and practice exams. There is information on the core TOGAF principles and concepts, enabling learners to analyze and apply this knowledge in preparation for the TOGAF Certified exam.

Candidates will learn how to apply:

- Iteration and different levels of architecture within the ADM
- The ADM phases and Architecture Governance in development of an Enterprise Architecture

- The TOGAF Architecture Content Framework and the concept of Building Blocks
- The Stakeholder Management Technique and the TOGAF Content Metamodel
- The TOGAF standard recommended techniques when developing an Enterprise Architecture

ACCREDITATION

This TOGAF course has been approved, accredited, and awarded by The Open Group, developers of the TOGAF methodology.
